

## Funded Projects

2025-2026

June 2026 will mark a decade since the launch of the Cultural Protection Fund, a partnership between British Council and the UK Government Department for Culture, Media and Sport.

This year, with renewed funding of £7.8m from the UK Government until March 2026, the Cultural Protection Fund will extend grants of £4.5m to 44 projects in 17 countries to enhance the impact of their previous activities.

Alongside its funded projects the CPF will continue to support capacity building activities, integral research and evaluation and emergency response for heritage across the target countries. The 2025-26 programme will also include a series of events, publications and other engagement activities showcasing the impact of the CPF in the lead up to the 10th anniversary.

To find more information about Cultural Protection Fund, please visit our website: <a href="mailto:cultural-protection-fund.britishcouncil.org/">cultural-protection-fund.britishcouncil.org/</a>

Please note that the website will soon contain full details about each of these projects.
